

ORDINANCE NO. 3-00**REGULATION OF FISHING RAFTS ON THE WOLF RIVER****SECTION 1.0 – STATUTORY AUTHORIZATION, FINDING OF FACT, PURPOSE, AND TITLE****SECTION 1.1 – REPEAL OF PRIOR ORDINANCE**

Town of Mukwa Ordinance #1-97, is hereby repealed in its entirety. The passing of this ordinance declares that the previous ordinance regulating Fishing Rafts in the Town of Mukwa is null, void, and stricken in its entirety.

SECTION 1.2 – STATUTORY AUTHORIZATION

This ordinance is adopted pursuant to authorization in ss. 30.126 and 30.77 Wisconsin Statutes.

SECTION 1.3 – FINDINGS OF FACT

Historically, fishing rafts have been on the Wolf River and its tributaries from the Shawano dam downstream to Lake Poygan. Typically, most rafts are used during spring fish spawning runs. The number and conditions of rafts has caused conflicts with the other river users and has resulted in other problems on the Wolf River. The need to regulate fishing rafts is hereby recognized by the Town of Mukwa, Waupaca County, Wisconsin.

SECTION 1.4 – PURPOSE

The purpose of this ordinance is to:

1. Establish certain restrictions on the placement, use and storage of fishing rafts.
2. Provide for annual registration and inspection of fishing rafts.
3. Establish certain construction and maintenance standards for fishing rafts.

SECTION 2.0 – DEFINITIONS**SECTION 2.1 – FISHING RAFT**

A “Fishing raft” means any raft, float, or structure, including a raft or float with a superstructure and including a structure located or extending below the ordinary high water mark of the waterway, which is designed to be used or is normally used for fishing, which is not normally used as a means of transportation on water, and which is normally retained in place by means of a permanent or semi permanent attachment to the shore or to the bed of the waterway. Fishing rafts do not include boathouses, fixed houseboats, wharfs and piers (see floating pier).

SECTION 2.2 – FLOTATION DEVICE

“Flotation Device” means any device used to provide flotation for a fishing raft, including each individual barrel or Styrofoam coffin.

SECTION 2.3 – RIPARIAN

“Riparian” means the owner of the shorelands adjacent to the Wolf River or its tributaries.

SECTION 2.4 – MUNICIPALITY

“Municipality” means any city, village, or town, which adjoins or includes any part of the Wolf River or its stream tributaries from the Shawano dam downstream to Lake Poygan.

SECTION 2.5 - ORDINARY HIGH WATER MARK

"Ordinary High Water Mark" means the point on the bank or shore up to which the presence and action of surface water is so continuous as to leave distinctive mark, such as by erosion, destruction or prevention of terrestrial vegetation, predominance of aquatic vegetation or other easily recognized characteristics.

SECTION 3.0 – RESTRICTIONS ON FISHING RAFTS ON THE WOLF RIVER AND ITS TRIBUTARIES

SECTION 3.1 - FISHING RAFTS MAY NOT:

1. Obstruct navigation or interfere with public rights.
2. Be located in the channel of the waterway.
3. Block more than 25% of the width of the waterway, singularly, or in combination with other fishing rafts.
4. Be located within ten (10) feet of another fishing raft.
5. Be placed in the waterway except by a riparian property owner next to their own land or except by written permission of the riparian property owner.
6. Be placed into the river or below (waterward) of the ordinary high water mark prior to March 1st of any year and must be removed from the river and placed above (landward) of the ordinary high water mark by October 31st of each year.
7. Be stored above (landward) of the ordinary high water mark of the river, for an entire calendar year without the proper variance granted by the Town Board of Supervisors for the Town of Mukwa.
8. Be equipped with toilets unless those toilets comply with rules of the Wisconsin Department of Commerce. (COMM ch. 86, WAC or the most current revision)
9. Be abandoned.
10. Be placed into the water with improper flotation devices.
11. Be improperly maintained. (s. 30.126(5)(j) Stats.)
12. Be used as a fishing raft unless registered as such.
13. Exceed 512 sq. feet with no maximum dimension being longer than 32 feet. Rafts registered prior to Jan. 1, 2001 shall be deemed to be in compliance with this provision.
14. Have a maximum height from the deck to the peak of the roofline greater than 11 feet. Rafts registered prior to Jan. 1, 2001 shall be deemed to be in compliance with this provision.
15. Absolutely no objects protruding beyond raft/floating pier framework after May 1st when not occupied. This includes, but is not limited to poles, nets or similar protrusion.

SECTION 3.2 - FISHING RAFTS MUST:

1. Be stored completely above (landward) the ordinary high water mark, during a period from on or before October 31st to March 1st
2. Be placed into the waterway, located or extending beyond or below (waterward) the ordinary high water mark, for a period of not less than 14 continuous days and nights. Any raft that is not placed into the waterway for this period, during a calendar year, shall be deemed in violation of this ordinance and shall be deemed an illegal structure and is then subject to all applicable zoning regulations. The Town Board of Supervisors of the Town of Mukwa may grant, upon request, a variance for extenuating circumstances, such as low water, allowing a fishing raft to remain out of the waterway, above (landward) the ordinary high water mark, for the entire calendar year. This variance is at the sole discretion of the board and may only be approved by a majority vote.
